My Dear Sir

I am very glad to hear  
that you intend to publish  
the *Sylloge Fungorum*.

Of course I subscribe  
for it. If you will  
send me 8 or 10 copies  
of your prospectus I  
will distribute them  
among my friends.

I await anxiously the  
reception of Bents. XIV & XV.  
*Mycotheca Veneta*.

I am sorry I can  
not have Bents. 1-XI.

Will you be kind  
enough to say to Profs.  
Spegazzini & Passerini  
that I would like to ex-  
change specimens.

over

with them? I do not  
know their address.

I have read<sup>a</sup> *Michelia* V.

I fear *Ellisiella* is  
not sufficiently distinct  
from *Psilonia*. I enclose  
a spec. of *Psilonia apulos-  
pora* B & C

I send you with this  
a small package with  
a spec. of fungus on hu-  
man ordure - in merda  
humana - no. 3360 - Can  
you tell me what it is.

I would be glad to exchange  
some new or rare Ameri-  
can species for spec. of  
new or rare Italian fungi.

I suppose you have read<sup>a</sup> *Cent. N.*  
*N. Am. Fungi* before this

Very truly Yours

J. B. Ellis
