Honored Colleague
And Friend

I send you with this
a small package by post
containing some Spec.
I would like to have you
decide for me if you
are willing to do so.

Some of them are
very curious and un-
known to me. 3569-3572
no. 80.

Can you furnish me
with a copy of your "Myc-
~~thec~~ological Verutal Specimen"
+ of "Fungi novi vel Critici"
1-V? And if so, at what
price? I will send you the
money for them
Yours truly J. B. Ellis
