

My Dear Sir Newfield Sept. 16. 1880

Thanks for your postal of the 21st Aug.
with notes on my spec. Hoping I
shall not make myself troublesome I
send in a package with this a few more.
3353 is on oak & differs somewhat from *Entypha*
spinosa. It grows under the bark which is
thrown off. 3379 = *Entypha leichlaca* Fr? on
Pyrus. 3380 on cob of Zea Mays from
Dr. Martin = *Monilia Martini* (Nik.) with
a *Macrosporium*. 3381 on *Sorghum Saccha*.
Is no. 54 N. Am. Fung. a good *Psilonia*? -
3382 is on leaf of *Ilex opaca*. I am sorry you
did not send me *Cest. XIV. M. V.*
Truly Yours J. B. Ellis
