I shall send you Cent.
III. N. Am. Fringe as
soon as it is ready
which will be at or
before the end of 1879

Please direct to
Newfield New Jersey
N. S. A.

Can you send me
a Specimen of Monilia
hesperidea Tucc. ? The
Monilia aureofulva C & E
in the package is the same
as Oidium simile Berk
in Hook. Lound. Jour. Bot.
It seems to me an Oidium
rather than a Monilia

What do you think of
Colletotrichum candidum
Pk. ? This genus is un-
known to me.

Very truly
Yours
