My dear Sir,

Your Fungi Italici Fasc

It has given me great  
pleasure to look at it!

There really are some  
wonderful fungi in Italy.  
Sordaria zygorpora. S. leuco-  
tricha. Sporormia funetaria!

When ~~the~~ Michelia comes  
out I shall be glad  
to get the next number

I enclose a cheque ~~on~~  
which if you present to  
your Banker he will  
negotiate for you.
