

7. KING STREET.

KING'S LYNN.

England.

Dec. 10. 1882

My dear Saccardo.

Enclosed. please find
a Post office order for 137=.
in payment of Michelia to
hand to day.

When do you intend finishing
vol I of the *Fungi Italici*?
There seem to me to be enough
plates already published to
form one volume: do you

intend publishing a
title page and index for
F.I. because if so I would
have my copy bound.

The Sylloge is a very valuable
work: but we want Vol II
at least I do. I am glad
to find you will give a
Complete index to Vol II. It
adds considerably to the value
of the work. I see that Co.

has criticised your arrangement
of the Sphæricacci = but there
is no mistaking the fact that
it is possible ^{now} to make out a
Sphæria of your Cypological
arrangement: whereas it was
not possible to do so before.

It is a most valuable work
as I said before and I hope
! you will get the 2^d vol
out before long -

Believe me
Yours M. W.
Charles B. Purvis.

P. S. Let me know about

The binding of my Luigi's
Ital. =

Do you care for a reprint
(from Sevillea) of my Neponese
paper?
