

Cesi

Royal Gardens, Kew.
28 March 1899.

My dear Sir,

You appear to be
right about the 'Jungomum
Codex'. The names Cesi,
Villa Caesia, Aquasparta
occur frequently on the
sheets with the drawings.
Your kind letter, therefore,
seems to have cleared up
the point for us.

Of the portraits of

Mauristi, whom you
name, we possess only
two - of Lobelius and
of Scheuchzer. These
are engravings.

Lastly with regard to
your La Botanie in Italia,
I am glad to say that
we possess the work.

Yours faithfully.
