Professor Brewster

Dear Sir,
Many thanks for your
kind note received by me
this week. I hasten to answer
it as far as the birds that
I have seen within the region
of the Delaware River.
I regret to say that we are
not having just what I
hoped to see in about three
weeks when I hope to visit
you and take the opportunity
of the presence of a party of
birds from the whole of
the State for a collection of them.
I will also try and send you
