16 Aprilis 49

Gratias tibi ago quam maximas pro plantis communicatis, quarum catalogum tibi remitto cum notis [illegible]. Lathyrus [illegible], quem hic a me nominatum fuisse me profecto latet, non est certe nisi varietas seu potius forma minor L. bithynici, cum quo simul crescit, et in quam transit speciminibus intermediis quae coram habeo. Cardium(?) Seguierii in Dalmatia venit foliorum segmentis latioribus et angustioribus, nec hac forma posteriori tibi a Fellero(?) missa differt specifice a planta germanica, lusitanica(?) et etiam dalmatica quas sedulo comparavi.

Plantas dalmaticas quas exoptas, libenter mittam, ea saltem quorum adhuc supersunt mihi specimina, [illegible] ~~sed tempus [illegible]~~

~~[illegible]~~ est ex herbariis extrahere, quod tamen non longe abesse censeo.

Volumen tertium Floræ dalmaticæ, cujus ~~[illegible]~~ pars maxima hoc tempore jam Lipsiæ imprimitur, proximo ~~hoc~~ anno publici juris fiet, et proditur in calcem ejusdem vel certe ~~separatim~~ edetur supplementum continens addenda et emendanda totius operis. Pro quo accessisse mihi esset ~~fuit~~ libros quosdam complures, qui apud bibliopolas italos frustra quæruntur, quales sunt.

Bluff et Fingerhuth Compendium Flor. german.

Ebel W. Elench. plant. Dalmat.

Si Tibi quandoque esset opportunitas libros hosce acquirendi, vel ex Germania accersendi meis sumptibus, rem mihi acceptissimam ~~[illegible]~~ faceres, et pro pretiis eos mihi mittendos curares magis me Tibi devinctum redderes.
