

Araceae

Arisarum Donn. ^{limb pinnate} Spatha lvs tubulif. - ^{combines} spadix inflex androgynous - ^{glanous} ovary ^{plumose} - Style
A. vulgare Desj. ^{limb pinnate} - ^{combines} ovary rudimentary null.

Arisaema Mart. ^{limb pinnate or plumeous} Spatha lvs cuneate - ^{combines} spadix inflex unisexual - ²⁻⁶ ovary ^{plumose} - Style
^{limb} long and subulose - ^{combines} ovary rudimentary

Arum L. ^{limb pinnate} Spatha lvs tubulif. limb patent. Spadix inflex intermixt androgynous -
A. triphyllum Lk. ^{combines} ovary ^{plumose} unisexual - Style & ^{combines} stamens - ^{combines} ovary rudimentary ^{combines} ovary
^{at base, stamens} same.

Arum L. Spatha lvs cuneate - Spadix inflex intermixt androgynous apice clausus
^{combines} ovary ^{plumose} 2-ovulate. Stigma sessile. - ^{combines} ovary rudimentary ^{combines} ovary
A. vulgare, ^{combines} ovary
^{combines} ovary

Dryopteris Lk. Spatha lvs cuneate - Spadix inflex intermixt androgynous ^{combines} ovary
^{combines} ovary ^{plumose} unisexual - ^{combines} ovary ^{plumose} 1-ovulate. Stigma sessile. - ^{combines} ovary
^{combines} ovary ^{plumose} intermixt ^{combines} ovary ^{plumose} 1-ovulate.

Theridophorum Blum. - Spatha lvs cuneate. Spadix inflex intermixt androgynous
^{combines} ovary ^{plumose} apice clausus. ^{combines} ovary ^{plumose} 3-8 ovulate. Stigma sessile. ^{combines} ovary
^{combines} ovary ^{plumose} rudimentary ^{combines} ovary ^{plumose} 1-ovulate.

Sacromatum Lk. Spatha lvs tubulif. limb plane patent. Spadix inflex intermixt
A. pedatum W. ^{combines} ovary ^{plumose} androgynous, apice subulose. ^{combines} ovary ^{plumose} rudimentary ^{combines} ovary ^{plumose} 1-ovulate. Stigma sessile.

Dracunculus Donn. Spatha lvs cuneate limb plane patent. Spadix inflex ^{combines} ovary
A. Dracunculus, L. ^{combines} ovary ^{plumose} androgynous, apice subulose. ^{combines} ovary ^{plumose} rudimentary ^{combines} ovary ^{plumose} 1-ovulate. Stigma sessile.
A. crinitus Desj. ^{combines} ovary ^{plumose} 3-7 ovulate - Stigma sessile (Desj.) Style ^{combines} ovary (Desj.)
A. crinitus Lk. ^{combines} ovary ^{plumose}

Pythium Lk. Spatha lvs cuneate. limb pinnate. Spadix inflex ^{combines} ovary
P. Wallerianum Lk. ^{combines} ovary ^{plumose} androgynous apice oblique rugo-tubulose. ^{combines} ovary ^{plumose} rudimentary null.
^{combines} ovary ^{plumose} 1-ovulate. Style subulose, Stigma sessile-bilobate.

Amorphophallus St. Spatha lvs cuneate, limb plane patent. Spadix inflex ^{combines} ovary
A. inaequalis Desj. ^{combines} ovary ^{plumose} androgynous, apice ^{combines} ovary ^{plumose} 1-ovulate. Stigma sessile-bilobate. ^{combines} ovary ^{plumose} 2-4 ovulate, ^{combines} ovary ^{plumose} 1-ovulate. Style & ^{combines} ovary ^{plumose} 1-ovulate.

Culex Deau.

Spathe recta brev. brev. Spadix intumescens androgynus. organum
necesse est et apparet nulla. Ovaria plerumque litorum 1-2 loculis
1-ovulata. Stigma sessile
Calad. scandens W.

Phloxodon Sch.

Spathe brev. cuneata recta. Spadix continens androgynus, organum
necesse est, apparet nulla. Ovaria plerumque plerumque
ovulata, stylus brevissimus, stigmata sessile.

Euphloxodon Sch. Stigma sessile capitatum - Spathe alba

Calad. androgynus Vint. Calad. pedunculatus Hook. Calad. laevigatum W.

Calad. pinnatifidum W. C. tripartitum W.

Calostigma. Stigma sessile truncatum - Spathe plura

Microstigma Sch. Stigma breviter styliforme radiale - lobatum Spathe recta

Splendestigma Sch. Stigma sessile, glomeruliforme. Spathe exilis, paginae interius albae
f. pinnatifidum

Dysentheria Sch.

Spathe cuneata. Spadix spathe adnatus pseudo-hermaphroditus,
organum necessarium litorum Ovaria plerumque litorum, stigmata 3-4 loculis
1-ovulata brev. sessile 1-locularia.
Arum squarrosum L.

Atheris Sch.

Spathe brev. brev. apice cuneata - Spadix intumescens androgynus,
partim fornicatus spathe adnatus, organum necessarium nullum, organum
dum stigmata filiformia exserta - Ovaria 1-2 loculis. Stylus filiformis,
Arum truncatum. A. tripartitum

Monstera Aub.

Spathe brev. laevigata decidua. Spadix sessilis brev. brevissimus,
organum pseudo-hermaphroditum, Ovaria 6-locularia, breviter 2-ovulata
stylus brevissimus, stigmata capitata

M. Adansonii Sch. (Drosera postquam L.) Poth. lamellifolius

Sindora Sch.

Spathe brev. brev. Spadix id. ac Macro Ovaria 1-2 loculis
breviter 1-2 ovulata Stigma sessile oblongum
Poth. caudata. Sch. gigantea.

Pothos L.

Spathe reflexa peristoma. Spadix stipitatus subglobosus, fl. hermaphroditus, oblongus
stylus h. stam. h. Ovaria unilocularia 1-3 ovulata Stigma sessile
umbilicatum P. scandens L.

Lilia Lour. Spathe elongata hians, dein aperta. Spedra ovatis cyathatis, hirsuta, sessilibus.
Spatha et staminibus. Ovarium uniloculare. Stylus sessilis.
Pithy hirsutifolia Hoffb.

Anthemium L. Spathe albida reflexa pauciflora. Spadix ruber, ovatis cyathatis, hirsutis.
Styl. Spatha et staminibus. Ovarium 2-loculare, 4-ovulatum. Stylus hirsutus.
A. idem - Pithy longifolia - P. lanceolata - P. macrophylla
P. cranioides Ray. P. aculeata Ray. P. macrophylla W.
P. pedunculata - P. palmata - P. digitata - P. purpurea - P. vanderkii

Spathiphyllum L. Spathe filiformis pauciflora - Spadix pedunculatus, hirsutiflorus.
Staminibus et sepala 5-8. Ovarium 3-loculare, ovulis 2. Stylus sessilis 3-lobatus.
Arum cyathifolium
