

LAFAYETTE, IND.,

14 Dec.

1888

P.A. Saccardo

Padova, Italy

My Dear Sir:- I send you five packages
of Puccineae for your critical examination.
Please return the names of them.
Puccinia Eleocharidis is sent chiefly
for your collection. Are the two forms
on Carex alike, or different species?

The collector - Mr. Bolley - is one of
my students.

Yours truly

J. C. Arthur
