Dr. P. A. Saccardo,
Prof. University of Padova,
Padova, ITALY.

Dear Sir:-

We are sending through our London Agents, Messrs. Wm. Wesley & Son, 28 Essex Street, Strand, two boxes containing 878 botanical specimens, representing your selections from the last exchange list of this institution with a few additions which we have presumed to add. Under another cover we hand you an advance list of our duplicates now ready for distribution which we will be glad to furnish if the material is not included in the shipment now made.

Truly yours,

L. D. Saccardo
