

2 Grosvenor Villas  
Junction Road  
London  
N.

My dear Sir

I am preparing a Conspectus  
of Sphaeriacei growing on  
Glumaceæ (i.e. Graminaceæ  
Cyperaceæ & Juncaceæ),  
and purpose publishing  
figures of all the species.

You have some  
new species which are  
not included in your  
Exsiccati - If you can  
let me have specimens  
of any of them I shall  
be very glad of them

Yours truly  
M. Cooke
