March 12-87

P. A. Saccardo:

My dear Sir:

I have your letter of Feb'y 20, & can assure you that this has all come from a mistake. Your name should not have been taken from our exchange list, and I have restored it there today & have mailed you the Gazette (Jan'y & Feb'y) for 1887. Your

Sylloge Hyphomycetum came to me, instead of ^{to} Mr. Arthur. I thought he had received a copy & expected him to review it. However, the mistakes are all corrected. You will receive the Gazette; Mr. Arthur will receive the Sylloge; & there will be a review of it in an early number. —

Very truly yrs —

John M. Coulter,
