

Lyndonville, N. Y., Apr 5 1889

Dr P. A. Saccardo.

I send for your
identification a box containing
specimens of fungi (marked

(I) - (II) - (III)). Our
mycologists have not named
them satisfactorily -

(I) *Didymium*? on leaves
of *Smilacina bifolia*

II found on cortex of Squash
(*Chondrium polysporum* Sacc?)

III on *Salix* sp resembles
a *Diplodia*.

With respect -

Charles E Fairman, M. D.
Lyndonville, N. Y. U. S. A.
