

THE ROYAL SOCIETY,

BURLINGTON HOUSE, LONDON, W.

January 22nd
1897.

Dear Professor Saccardo,

The Royal Society is much indebted to you for your kind letter of July 19th, 1895, & for all the suggestions and information contained in it.

As far as possible, all the recommendations you make will be borne in mind in the arrangement & editing of subsequent volumes of our Catalogue of Scientific Papers.

We gladly accept your very kind offer

to furnish us with manuscript transcriptions
of the titles of the memoirs contained in
the Commentario della flora, fauna e gea
del Veneto e Trentino, and in Michelia.

I am,

Very truly yours,

M. Foster
