

Elongazione delle Cellulose - (Manganotti)  
 Cystophyta  
 Acotiledonee }  
 Angiophyta  
 Lycopodiaceae  
 Filices  
 Marsileaceae  
 Angiophyta }  
 Equisetaceae

Acotiledonee cellulari }  
 Algae  
 Characeae  
 Fungi  
 Lichenes  
 Hepaticae  
 Musci  
 Angiophyta }  
 Equisetaceae  
 Lycopodiaceae  
 Filices  
 Rhizocarpeae

Plantae vasculares / acotiledonee - Endogeneae cryptogamae }  
 Plantae cellulose / acotiledonee }  
 Foliiferae  
 Aphyllae

Thallophyta }  
 Protophyta  
 Hysterophyta  
 Cormophyta }  
 Acrobryae  
 Eudictyon  
 Alga, Lichen  
 Fungi  
 anofite  
 epatite, musch.  
 protofite  
 equiset, filic, licop  
 istrofito

Cellulose }  
 Canto foglii distinguibili - hallogeneae - alga, funghi, lichen.  
 distinguibili - aerogeneae - epat. musch., licop. fol.

Cryptogams  
 plantae proferae

cellularae }
 

- aphyllae }
  - Sachlophytae - Bill.
  - Chlorophytae - funginae
  - Chlorophyllae - alginae
- foliciae }
  - muscinae

vasculares }
 

- Conomyces
- Hypomyces
- Myelomyces
- Hymenomyces

Cl. Funginae }
 

- Dermatogasteres
- Sclerogasteres

Cl. Flicinae }
 

- filicinae

Cl. Alginae }
 

- algae }
  - Confervaceae
  - Phyceae
  - Florideae
- Lichenes

Cl. Muscinae }
 

- Musci
- Hepaticae

Cl. Filicinae }
 

- Filices
- Equisetaceae
- Lycopodiaceae
- Hydropterides

Cl. Filicinae }
 

- Strobilophytae
- Hydropterides
- Carnivora

Cl. Muscinae }
 

- Cladophora
- Charophytae
- Algae

Cl. Funginae }
 

- Ascomycota
- Zygomycota
- Basidiomycota
- Glomeromycota

Zoombriate

accolation

(A. Richen)

- Hydrophyta - algae autt.
- Fungi
- Lichenes
- Hepaticae
- Musci
- Lycopodiaceae
- Filices
- Marsileaceae
- Equisetaceae
- Characeae

Plantae cryptogamae  
1. Cellulares

(P. v. et al. J.C.)

- Aethogamae {
  - Characeae
  - Equisetaceae
  - Filices
  - Marsileaceae
  - Lycopodiaceae
  - Musci
  - Hepaticae
- Semi-vasculares {
- Amphigamae {
  - Lichenes
  - Fungi
  - Algae
- 1. Cellulares {

Aethogamae  
reproduzant  
reproduzant

Amphigamae  
reproduzant, no appendice

A. Propriat

- Algae
- Fungi
- Lichenes

Aethogamae  
organ. apil. e appendice

- Hepaticae
- Musci
- Filices
- Lycopodiaceae
