Nota

Le flore Mantovane s. illustrate del D. Paolo
Lanfoni Bresciano, in un saggio sulla Flor. natural.
del Mantovano, inserito nel giornale di Agric. e
Chimica del prof. Bugnetti, Pavia 1825
— quindi da me aggiunte di 400 specie
al lavoro del Lanfoni, compilate dal Barbieri
ed inserite nel Poligrafo di Verona nel 1838.
e finalmente delle flore italiane del
Bertoloni, a cui il Barbieri sped. prof.
tutte le specie mantovane

Clenco
delle
Pianche Mantovane
tratto
dal Quadro delle medesime
D.
Paolo Barbieri
