My dear Doctor: A few days ago a copy of your Sylloge Funerum Vol VIII came here to me and I supposed it was the last of a set the College (Rutgers) ordered a few months ago. Today came another to the College and therefore the one to me does not belong to our set. The wrapper was removed before the volume reached me and I cannot find out that it went to Ames Iowa my former place. It seemed best to hold the volume and write you.

Someday I hope to send you some specimens
of fungi and possibly some may be of interest.

Yours very truly
B. M.
