

Letter to Hermann

Hermann

Dear Hermann,
I have been thinking of you very much lately
and wondering how you are getting on.
I hope you are well and happy.
I have been very busy lately
but I have managed to find some time
to write you a few lines.
I am still in the same old place
and doing the same old things.
I am still very much interested in
the world and in the people in it.
I am still very much interested in
the future of our country and of our race.
I am still very much interested in
the progress of science and of art.
I am still very much interested in
the development of the human mind.

I am still very much interested in
the progress of the human race.
I am still very much interested in
the development of the human mind.
I am still very much interested in
the progress of the human race.
I am still very much interested in
the development of the human mind.
I am still very much interested in
the progress of the human race.
I am still very much interested in
the development of the human mind.
I am still very much interested in
the progress of the human race.
I am still very much interested in
the development of the human mind.
