Prof. P. A. Saccardo,

Padua, Italy.

My Dear Sir:-- Dr. Wm. Beardshear has handed me your letter in regard to 'Sylloge fungorum', I am extremely sorry about the delay. I am positive that I audited the bill and that it must have been lost in some way for it has been audited.

I received your postal card last spring, and, upon receipt of the same immediately sent in a bill and it was news to me that it was not paid.

I hope you will pardon the delay as it certainly was not done intentionally on my part.

I send you a number of papers on Mycology and hope you will be able to send me some in exchange.

Yours truly,

Dictated.

*P.S. I have made out a new bill and
Prof. Knapp Treasurer of the College will
send you the money*
