Dear Professor Saccardo:

I am very much obliged for your kind letter of the 6th of April, just received, comprising suggestions as to the puzzling incomplete fungi found by Mr. von Schrenk in wood. I feel very well satisfied that a future study of these must be made, although the suggestions that you give may possibly enable him to reach a somewhat more definite conclusion now than would otherwise be possible.

With my kind regards, in which Mrs. Trelease joins, I am

Very respectfully yours,

Professor P. A. Saccardo,
Padua, Italy.
