ST. LOUIS, MO., OCT 9th 1897

Dear Gennaro Paccanoldi:

I enclose specimens of two fungi, that are
destroying palms in a Nebraska greenhouse. Will you
be kindly name them for me? I do not feel
able to do it myself.

I hope that by this time you may have re-
ceived my paper on the Agaves. Dr. Irish & Hughes
have made its list of fungi large!

Very truly
Wm. Trelease
