S. R. BOSE, ESQU., M. A.,

Prof. of Botany.

BELGACHIA MEDICAL COLLEGE.

CALCUTTA, INDIA.

DATED, *the 29<sup>th</sup> March 1918.*

To

*Pier Andrea Saccardo Esq.*

Dear Sir,

May I request you to send me all your publications relating to new genera and species of Agaricacæ after 1904, (especially the following issues) as I am investigating into the Agaricacæ common in India.

I shall be very glad to receive any kind suggestions from you regarding identification of Agaricacæ common in Bengal. If you have not got those issues, I shall be much obliged if you kindly procure them for me ; I am ready even to pay for them if you kindly send them here by V. P. Post.

I remain,

Sir,

Yours faithfully,

*S. R. Bose.*
