

OFFICE OF  
J. F. BRECKLE, M. D.  
KULM, N. DAK.

July 31, 1913.

Professor P. A. Saccardo,  
Padova, Italy,

Dear Professor Saccardo:-

Some days ago I received a letter from Mr. H. Sydow in which he sent me the determinations of two new fungi giving yourself and Mr. Sydow as authors. I wish to thank you for the honor you bestowed on my by using my name for one of them.

Mr Sydow suggests that I send you specimens of fungi for determination and I would ask if you would be kind enough to this. I would be pleased to return favors by sending you material of fungi that you particularly desire or in any other way that you suggest. I enclose you a list of my last fascicle of fungi and should you wish any of these I would be pleased to send you specimens.

I am enclosing you specimens for determination and would be greatly obliged for your opinion on them.

Very truly yours,

J. F. Breckle.
