Professor T. A. Saccardo
Padua

My Dear and Honored Sir.

In response to your
letter of recent date concerning
the payment of Vol. XVI, Sylloge Fungorum
I wish to express my regret that it has
not been settled.

Vol. 16. came to the address of
the late Dr. H. W. Harkness, after his
death but before his library was sold
When it was sold to this (Stanford
University) I stipulated with Mr S. J.
Harkness of Scofield, ^{Carbon Co.} Utah, the nephew and
heir of Dr. H. W. Harkness, that he should
pay for this volume 16. He said he would
willingly do so, and I gave him the bill
for the same, which had been forwarded
with the volume. Of course I supposed he
had settled for the same.

I will forward him your request and
I am sure the matter will be adjusted to your
satisfaction at an early date.

I shall look with interest for Vol. 17.
your work is in constant use in our lab-
oratory and is indispensable.
In sending Vol. 17, direct it and the bill
to the Library of Leland Stanford Jr University, Stan-
ford University, California, U.S.A.
with high esteem. Yours truly W. R. Dudley
