Tucson, Arizona, Nov. 12, 1902

Dear Professor Saccardo:

Your card reached me a few days ago. In reply I will say that as soon as I get home I will forward to you a copy of my paper on the N. Am. Gordaniaceae together with a photograph and will be very glad indeed to receive yours in return. I shall return home (Takoma Park, D.C.) about the 1st of December to remain about two months when I shall start out into the field again for the next season's work.

Can you assist me in securing a copy of the two volumes of *Michelia*? If you can tell me where I can get a copy and what the price will be I shall be very much obliged to you. If you have a copy to spare forward it with invoice and to Takoma Park, D.C. and I will remit upon receipt of the books.

Notice! my change in permanent address to Takoma Park, D.C. I am now connected with the U. S. Dept. of Agriculture and have no official connection with the University of Arizona. I am at the U. S. A. now but temporarily Det.

Very truly

David M. Griffiths

Takoma Park, District of Columbia
