

26, Cranbrook Road, Chiswick,
London, W.
England.
14 Sept. 1905.

Dear Sir,

After receiving your Card
I sent you a set of my prepared
Agarics - 51 specimens, with bill
enclosed in case approved of.

I sent them from here on July 27.
It has been vacation at most places.
But I send these few lines in case
the specimens should not have reached
you.

I hope they came to you safely.

With the greatest respect,

Yours faithfully,

Charles E. Hartley-Smith.

Prof. P. A. Saccardo.
