

STATENS
PLANTEPATOLOGISKE FORSØG

Lyngby, den 5-9 1915

Mr P. A. Saccardo.

Professor. Dr.Phil.

Dear sir:

I beg you pardon me, that I have not written to you before, I have been at a long journey at Luleå in Sweden for taking Micromycetes.

I am very glad to see, that my "Danish Fungi" is of any value for you, the spp. nn in it are my own and are the author is Lind.

The diagnoses of Raunkiaers follows here with.

Oidium eucalypti Rostrup is only as an Oidium on young plants of Eucalyptus globulus in the Botanical Garden in Copenhagen.

Rostrup: Plantepatologi is edited in Copenhagen 1902 by Ernst Bojesen and costs 22fr, it is 640 pag with 259 fig. , if it is not to become by the booksellers I am willingly to buy it here and send it to you.

NB! My address is. J. Lind, Lyngby, Denmark.

Very sincerely yours

J. Lind.
