State Museum

JOHN M. CLARKE, Director

State Botanist's Office

Education Building, Albany, N. Y.

Febr. 2, 1916.

Comm. Pier Andrea Saccardo,
Via Luca Belludi, 15,
Padova, Italia.

Dear Professor Saccardo:

I have your note of Jan. 8th, and beg to thank you most sincerely for the list of determinations of Doctor Peck's fungi. The State Botanist's Report for 1915 has been completed and as a consequence I shall be obliged to incorporate your list of determinations in the Report for 1916.

Doctor Peck was taken ill in Febr. 1913 and has not been able to leave his room for many months. He resigned at the end of 1914. He is still alive but unable either mentally or physically to see his friends or to recall any of his remarkable mycological knowledge.

I shall hope soon to send you further specimens of New York fungi.

Very sincerely yours,

A. D. House
State Botanist.
