12th. February 1918.

Dear Professor,

I enclose a copy of an abstract of my remarks on Cupani's 'Panphyton siculum', and shall highly value any remarks you can favour me with, in addition to those in your 'La botanica in Italia' i. p. 59; ii. p. 37.

Information about Refined's edition would be especially welcome.

I am, Dear Professor,

Yours faithfully,

*B. D. Brown*  
General Secretary.
