BURLINGTON HOUSE, PICCADILLY, LONDON, W. 1.

22nd March 1919.

Dear Dr Saccardo,

This morning I received both your postcard of the 15th current, and the book packet. I am glad you have been able to see Miss Doidge's paper, and I am now applying to her, to send you a copy of that paper, if she has any separate left. My official thanks for the two papers also sent, will be communicated after our next meeting.

With kind regards and best wishes,

Yours faithfully,

Edmund James
