Prof. P.A.Saccardo,
Avellino, chez le Prof. Trotter,
Italy.

Dear Prof. Saccardo-

Replying to your favor of recent date that you have a prospect of securing the subvention necessary for the publication of Volumes 23 and 24. I hope to see the early issue of these volumes, but I doubt if it would be advisable to attempt their production during these troubled war times.

Upon your return to Padova I would be glad if you would mail me a copy of your excerpt on the fungi Philippiensis.

I am very sorry to hear that Rev. Bresadola has been caught in the meshes of the war and interned near Wein. I am afraid it will prove serious for a man of his age and infirmities, the hardships of an interment camp. I am glad to know, however, that he is in good health and hope

for the best.

In your postal card you state that you have a photograph of the late Dr. Rehm, I would be very glad if you would lend it to me for the purpose of reproduction in Mycological Notes, and I would be glad also if you would write a short notice in French to accompany the portrait, as I have very little data regarding Dr. Rehm's life. I will ask, however, that you do not make the notice too long, not over a half page or a page of Mycological Notes. If you could favor me I would be very much pleased; but perhaps it would be just as well not to send it now ~~unless~~ you have a duplicate, owing to the risk of loss in the mails.

With best regards, I remain,

Very truly yours,

C.G.Lloyd
