Peking, Sept. 1st 1911.

Prof. Dr. P. A. Saccardo Esq.

Dear Sir:—

I am very glad to know that you have paid a glance on my very little studies. As I have become a professor of the Peking University since September last year and I have fallen to the very bad illness and returned to Japan, I have received your letter late in August. On your request, I'll translate the ordered diagnoses, but now being not quite recovered it will take few weeks. The diagnoses of the novelties which are found in essays of Mr. Nohara, Kawamura etc., if there are any, I will gladly translate them for you. I am very sorry for the delay of my answer.

With the perpetual respects to your great works,
Yours very truly

Ichirō Miyake
