

New York Botanical Garden,  
Bronx Park,  
New York City.

November 10, 1915.

Professor P. A. Saccardo,  
Padova,  
Italy.

My dear Professor Saccardo:

I have your card of October 14 and take pleasure in sending you with bill the three fungous parts of North American Flora which you do not have; namely, Volume 7, part 3, volume 9, part 4, and volume 10, part 1.

Replying to your card of October 15, which came by the same mail, I will send you copies of the descriptions of the new species published in my four books on American Polypores. It is interesting to know that you are preparing another volume to the Sylloge.

Very truly yours,

*W. A. Merrill*

Assistant Director.
