

34 Foregate Street
Worcester

29th Sept 1915

Dear Professor Saccardo

So very many thanks
for your kind post card of the 15th
of August. Dr. Ellis has now sent
me some further material together
with a microscopic slide of the
fungus so I trust there will enable
you to arrive at a decision. I
am sending these by the same post.
Thanking you in anticipation for
your very great kindness

Very sincerely yours
Carleton Rea
