Dr. P. Saccardo
R. Istituto Botanico .
Padova, Italy.

Dear Sir:-

Under separate cover I have sent two packages of Philippine Fungi for determination. I trust that these reach you in good shape and that you will be able to make the determination at your earliest convenience. I still have a large number for determination from all parts of the Islands which I shall send later. A good proportion of these will be different than those sent in by Prof. C. F. Baker who also has been supplying you lately. I shall be pleased to hear from you in this regard.

Very truly yours,

Elto Reinke
Assoc. Professor of
Plant Pathology.
