Dear Sir:

Under separate cover I have sent several packages containing herbarium specimens of ascomycetes and imperfect fungi which I ~~should~~ be pleased to have you identify. These have been sent to Padova since I have been unable to obtain your present address, but I trust that they will reach you in good condition. I still have a large number of specimens collected from all parts of the Philippine Islands and shall send them from time to time. Trusting that you shall find an opportunity to write me, I remain

Very truly yours,

Otto A. Reinking
