January 4, 1919.

Dear Sir:

Under separate cover I have sent twenty-six packages of fungus specimens. I should be pleased to have you identify these at your earliest convenience. A large number in some of the packets should be specimens new to science. As you will find, I have also included some fungus fruiting bodies of lichens. Thanking you for your kind assistance in this matter.

Very truly yours,

Otto A. Reinking
OTTO A. REINKING,
