Dear Sir:

Under separate cover I have sent six more packages of fungi for determination. The shipments that I have made in July, September and October, 1918 and the present shipment including fungus specimen under my numbers from 1 up to 3000, were collected under my direction or by myself. ~~Still other numbers are in the process~~ of preparation and will be sent at a later date. I should be pleased to hear from you and find out whether these packages have been received by your institution.

Very truly yours,

*Otto A. Reinking.*
