DEPARTMENT OF PLANT PATHOLOGY

July 24, 1919.

Dr. P. A. Saccardo,
R. Instituto Botanico,
Padova, Italy.

Dear Dr. Saccardo:

I received your card of April 9th, 1919, and was pleased to note that you were busily engaged in determining the specimens that I have sent you. Under separate cover, I still have sent ~~one~~^{four} more packages and trust that ~~this~~ will reach you in good condition. During the past two months I have made extensive collections in southern China and as soon as I am able to prepare these specimens for shipment I shall forward them to you for determinations. I am especially desirous to obtain determinations of these Chinese specimens as soon as possible. As yet I have been unable to see Dr. H. S. Yates in order to obtain separates of his two publications in the Philippine Journal of Science, but I shall see him this week and obtain these separates and forward them on to you. Thanking you for your kindness, I remain

Very truly yours,

Otto Reinking
OTTO A. REINKING

Associate Professor of Plant Pathology.
