

Department of Agriculture

(Pathologist's Branch),

Melbourne, April 4 1903

Dear Sir

I have much pleasure
in forwarding to you ~~with~~
this, some material of Puccinia
Calendulae Wals. I. Previously
only the Aecidia were found
by me near Melbourne, but
recently I discovered the
teliospores, hence a description
of Puccinia calendulae Wals.
will shortly be issued. When
~~that~~ takes place I shall have

pleasure in sending you a
considerable batch of specimens.
This rust is exceedingly
plentiful this year
With regards

Believe me

Sincerely Yours

Gerardo H. Johnson

Assistant Vegetable
Pathologist

Prof. P. A. Saccardo
Padua
Italy.
