Professor Saccardo,  
Glen Lii -

I am delighted to have the portrait of Fr. Bonafede, which you so generously sent me. It will add greatly to the interest of my work, as portraits of him seem to be unknown in this country. I am also glad to know of the marble bust.

Please accept sincerest thanks for your cordial interest in my work which I shall remember.  
Very sincerely,  
O Stella G. Streeter
