

UNIVERSITY OF THE PHILIPPINES  
COLLEGE OF AGRICULTURE  
Los Baños

DEPARTMENT OF PLANT PATHOLOGY.

February 25, 1920.

Dr. P. A. Saccardo,  
R. Instituto Botanico,  
Padova, Italy.

My dear Dr. Saccardo:

I was very much pleased to receive the list of determinations of Chinese fungi and have already taken this list down to the Bureau of Science <sup>where it</sup> ~~will be~~ shall be published as soon as possible. It might be necessary for me to send a copy of the manuscript <sup>to you,</sup> as it will finally appear, because I fear that it will be impossible to decipher all of your Latin. I shall write you in this regard in a week or so.

Under separate cover I have sent one more package of Chinese fungi and may probably have a few left. This summer I intend to go to Siam and shall make a collection from there. I shall be more than pleased to aid you in the publication of your determinations for I am a contributing editor to the Philippine Journal of Science and can handle all publications that you desire to send.

Sincerely yours,

*Otto Reinking*  
OTTO A. REINKING,

Professor of Plant Pathology.
