LABORATORY OF
FOREST PATHOLOGY

SPOKANE, WASHINGTON (STATE)

November 6, 1920.

Prof. Luca Belludi,
% Herbarium of Prof. P.A. Saccardo,
Padova, Italy.

Dear Sir:

I am very much interested in learning what disposition Prof. Saccardo made of the list of new species of fungi which he sent me for publication in America. You sent the list to me under date of Devenber 17, 1919. I returned it to Prof. Saccardo for certain revisions, see my letter to him under date of January 22, 1920. Since then I have not heard concerning the matter. If you still have the list and it is not yet published, and you do not have the opportunity to do so, I would be glad to publish it promptly in some American journal.

May I expect a reply at your earliest convenience?

Respectfully yours,

Dr. James R. Weir

Forest Pathologist in Charge.
